77 chemin de la Salade Ponsan, 31400 Toulouse, France

08/06/2005 - 21 years old
Driving Licence: Category B

Skills

- Team working
- Autonomy
- Organized
- Ponctuality

Languages

French : Native (C2)
English : Intermediate (B2)
Italian : Elementary (A2-B1)
Japanese : Beginner (A1)

Hobbies

- Music: Seven years of piano and music theory lessons
- IT and Programming

Profile

Second-year student in Robotic and Interactive Systems Engineering at UPSSITECH Engineering School. Currently seeking an internship for 16 weeks in 2027 (from may to august) to gain professional experience and refine my career goals.

Take a look to my projects on my Portfolio : thomas-grelet.github.io.

Projects

Third-year project - *Projet Fil Rouge (PFR)*
10/2025 - 06/2026
UPSSITECH - School of Engineering

Development of a mobile robot: movement via text-based commands and voice recognition, incorporating image processing, object detection, and LiDAR mapping. The project is divided into two phases: simulation and hardware assembly. (Languages used: Python, C/C++, bash, HTML/CSS).

Work Experience

Food Processing Operative

- **Euralis Gastronomie (Maubourguet)** 06/15//2026 - 08/28/2026

Packaging of duck-related products (duck breasts, strips, foie gras, etc.) / Boxing and palletizing / Various handling tasks associated with the role (Tempory job).

- **Fine Lame (Bordères-sur-l'Échez)** 06/15/2024 - 08/15/2024

Placing portions of ham into trays / Slicing charcuterie products / Various handling tasks related to the role (Temporary job).

Intern
12/2019
National Engineering School of Tarbes (ENIT)

Meetings with engineers, researchers in robotics and automation during a middle school observation internship. Visit and immersion in the Production Engineering Laboratory (LGP).

Education

UPSSITECH - Engineering school
09/2023 - present
University of Toulouse, France

- University Preparatory Class for Engineering Schools (CUPGE, 2 years)
- Engineering cycle in Robotics and Interactive Systems (SRI, 3 years)

French Baccalaureate (~ A-Levels)
09/2020 - 07/2023
Théophile Gautier High School (Tarbes)

- Specializations: Mathematics, Digital and Computer Science, Physics-Chemistry
- Option: 'Maths Expertes' (Advanced Mathematics)
- Honors: Good (Mention Bien)
